

Tresarran Cottages . . . where a warm welcome awaits

Tresarran Cottages nestle in seven and a half acres of garden and woodland. We offer our guests peace and tranquility yet all the attractions of Cornwall are within easy reach; we are just six miles from the fishing villages of Polperro and Looe, and a similar distance from spectacular Bodmin Moor.

Polperro harbour

Our cottages have a romantic past, having originally formed part of the bustling Herodsfoot silver and lead mine. In the seventeenth century, Shippen, our oldest cottage, was the mine carpenter's shop. Things are a little quieter now!

The lawns surrounding the cottages are perfect for enjoying the sunshine. Or take our river walk, which meanders along the course of the old mine leat surrounded by oaks, silver birch, hawthorn and woodland flowers.

Children enjoy exploring the woods and watching for wildlife or playing in our top field where there is plenty of space for football, badminton and kite flying.

Farm Cottage (sleeps 5)

Our largest cottage with three bedrooms (one double, one twin and one single). The lounge has a wood burning stove.

Huel Cottage (sleeps 3)

Ideal for couples, this is a cosy cottage with one double and one single bedroom.

Shippen Cottage (sleeps 4)

A spacious cottage with a galleried main bedroom overlooking the vaulted ceiling of the lounge. The second bedroom (with bunk beds) and the shower/bathroom are on the ground floor. The lounge has a wood burning stove.

Our Cottages . . .

Our cottages are all prepared to the same high standard and kitchens are equipped with most things that you will need, from microwave and toaster to garlic press and cafetière.
